CEILING PROJECTOR MOUNT

## SPIDER SHORT/ LONG ARM

Spider mounts are designed to provide a sturdy, safe, and flexible solution for all your projector needs. Whether you require a projector mount for a small or large-scale installation, the Spider is the ideal choice for professional installers.

### Standard Pole Length:

The 'Spider' projector mount is equipped with a standard **1000 mm** pole. However, we understand that every installation may have unique requirements. Therefore, we offer custom pole lengths of up to **3000 mm** upon request. This allows you to adapt the mount to your specific installation environment.

### Secure Mounting:

One of the key features of Ultralift Australia's Spider projector mount is the bottom ball mount plate. This design enables secure mounting to any surface, **regardless of the angle**. You can confidently install your projector in any orientation without compromising its stability.

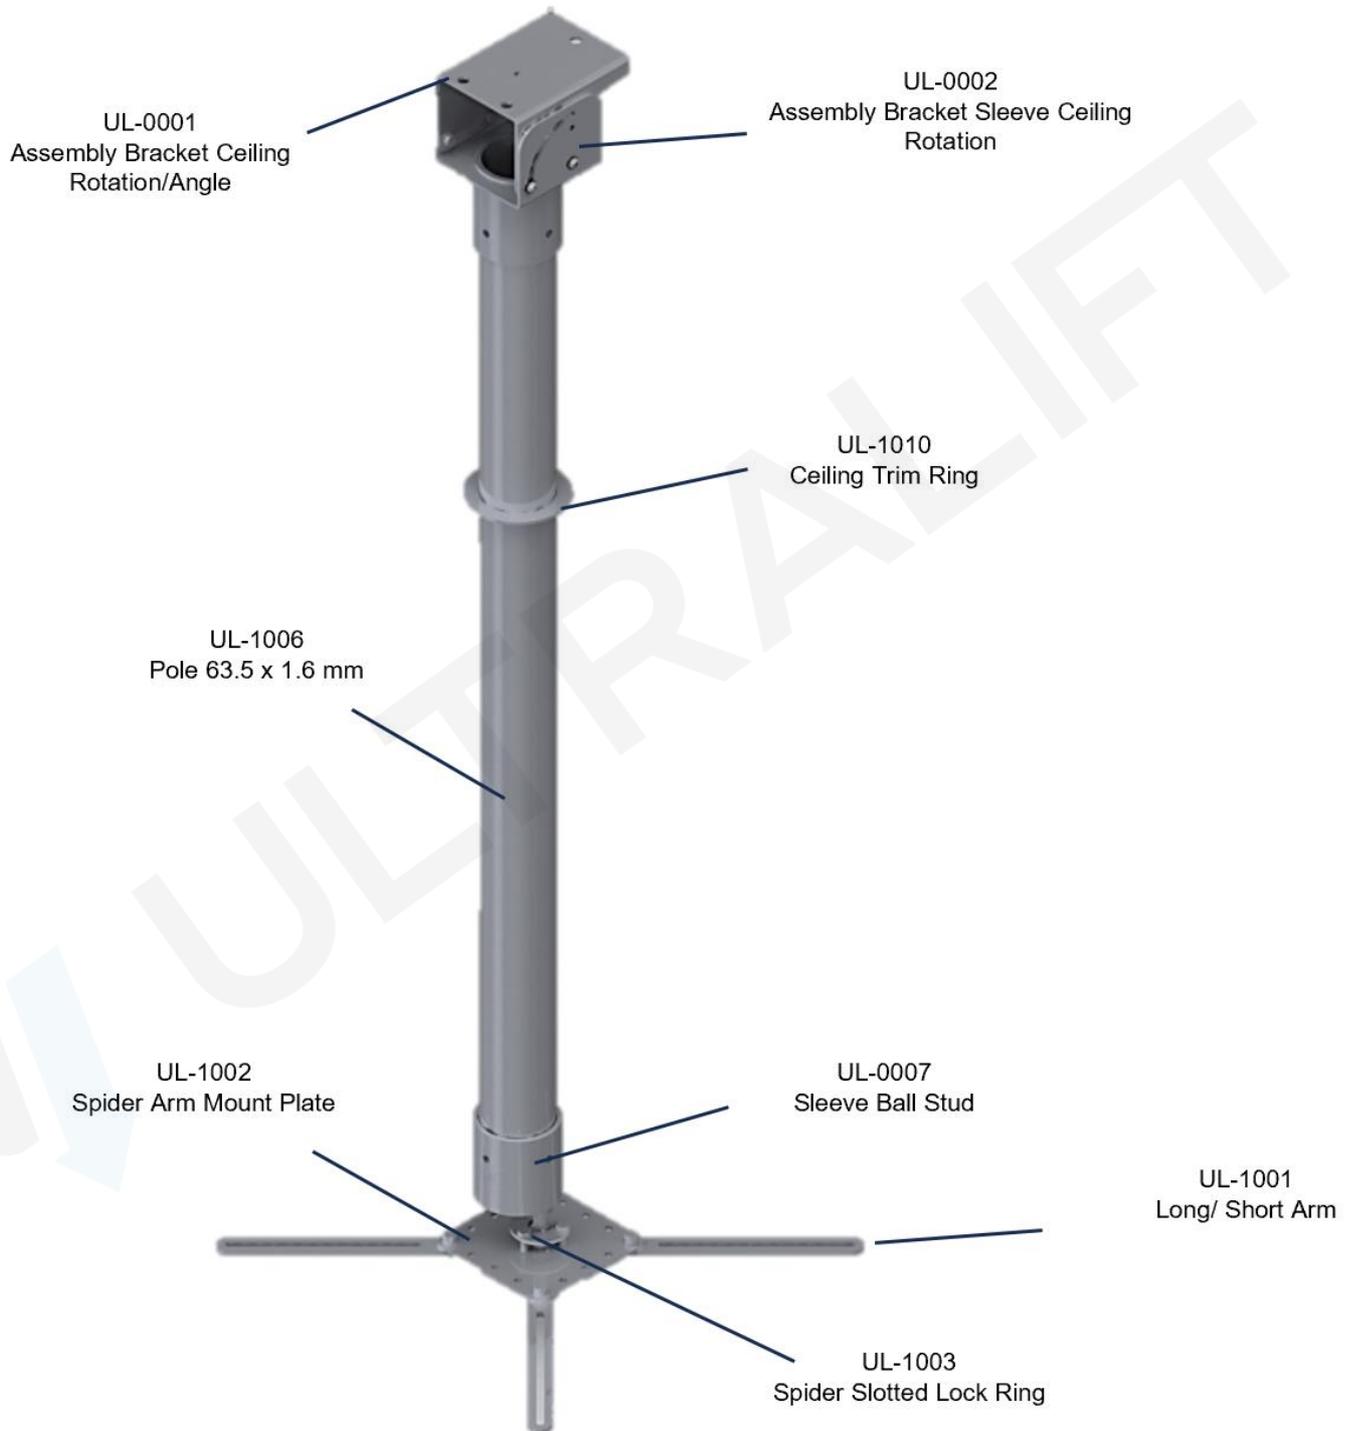

### Universal Compatibility:

Our projector mount is compatible with projectors of all sizes. It includes a universal projector mount with all the necessary fixing hardware. This ensures a hassle-free installation process, saving you time and effort.

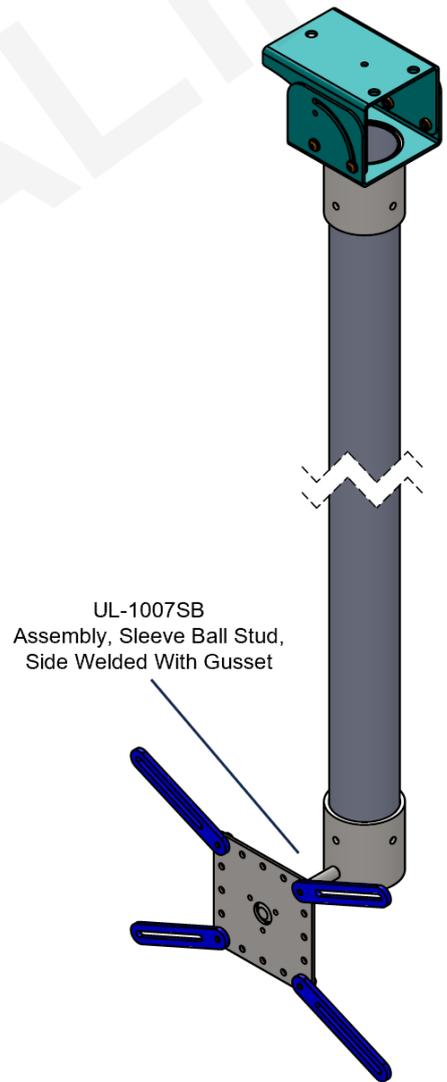

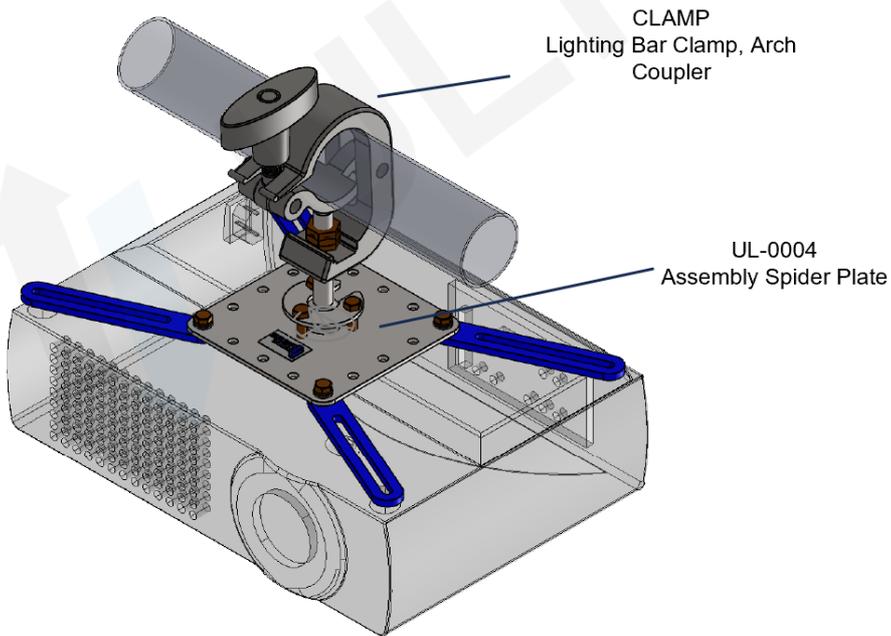

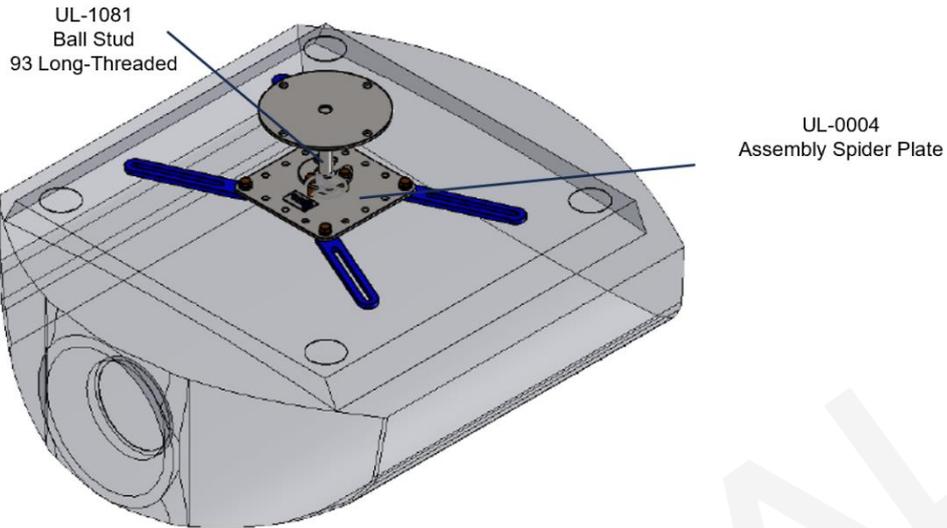

### Optional Barrel Clamp:

To provide even greater flexibility, we offer an optional barrel clamp accessory for our Spider projector mount. The barrel clamp allows for simple attachment to lighting bars or scaffolding, making it convenient for various installations. This additional feature ensures that the Spider mount can adapt to different mounting options per your requirements.

ARMS CAN BE ADJUSTED TO SUIT MAJORITY OF PROJECTORS

## WARRANTY AND RETURNS

At Ultralift Australia Pty Ltd, we take pride in our products being of the highest quality. Because of this, we offer the following programs to ensure your satisfaction.

### ULTRALIFT 3-YEAR WARRANTY

1. The product is warranted for 36 months from the invoice date. Subject to the conditions of this warranty, Ultralift Australia or an authorised installer will perform necessary service on the product without charge for parts or labour if, in the opinion of Ultralift Australia, the product is found to be faulty within the warranty period.
2. This warranty only applies to Ultralift Australia products purchased from Ultralift Australia or an authorised dealer.
3. This warranty only applies if the product has been installed and used by the manufacturer's recommendations (as noted in the instruction manual) under regular use and reasonable care (in the opinion of Ultralift Australia). The warranty covers regular domestic, commercial or educational use only. It does not cover damage, malfunction, neglect, the build-up of dirt or dust, abuse, maladjustment of customer controls, mains supply problems, thunderstorm activity, infestation by insects or vermin, tampering or repair by unauthorised persons (including unauthorised alterations), exposure to abnormally corrosive conditions or any foreign object or matter having entered the product.
4. If warranty service is required, you should:
  - Contact your installer for advice on how to rectify the issue.
  - If this does not solve the problem, please call Ultralift Australia on +61 3 9459 0873 for advice.
  - If the device requires service, return the product to Ultralift Australia for repair.
  - Please Note: You must arrange freight and insurance to and from the device's location.
  - Please ensure that items returned are packed appropriately.
5. The warranties hereby conferred do not extend to, and exclude, any costs associated with the installation, de-installation, or re-installation of a product. This includes expenses related to the mounting, de-mounting, or re-mounting any screen (and any other ancillary devices), delivery, handling, freighting, transportation or insurance of the product or any part thereof or replacement to such installation, de-installation, reinstallation, or transit.
