# Home & Living Spaces

### Spartan

Smooth, quiet. Discreetly hides all moving parts in the ceiling. Spartan Drop also available.

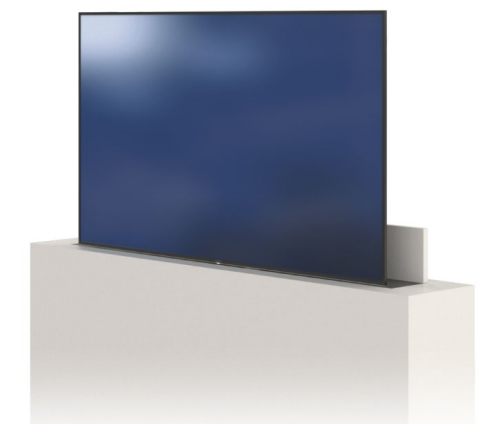

### Spartan 360

TV folds down with 360 degree motorized swivel. Spartan Drop 360 also available.

### Extreme Enclosure

Watch TV outdoors in any weather.

### Phoenix / Titan

Fits into cabinets and retracts after use. Suitable for 32" to 70" screens.

### Elevator Swivel

Raises TV up out of cabinet with motorized swivel.

### Mercury Slim

Fits neatly into shallow ceiling cavities.

# Home & Living Spaces

**Prolift Mini**  
Transform your room into a home theatre at the push of a button with this super compact projector lift.

**Descender Drop**  
Lower your TV from the ceiling with the Descender's smooth vertical motion and angled tilt.

**Prolift**  
The Prolift is available in different sizes to suit almost any projector. Choose a model with the right amount of vertical drop for the room it will be installed in.

**Atlas Lift**  
Store your TV beneath the floor or in a cabinet and raise it when needed. Up to 1950mm of travel.

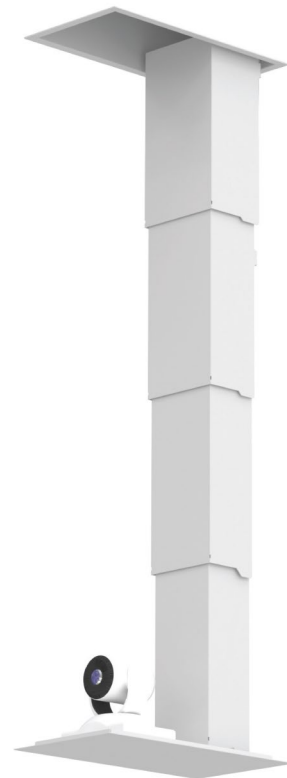

# Commercial Environments

**Anti Ligature Screen Enclosures**  
 Tamper proof enclosure is useful for health care settings where patient safety is critical.

**Digital Advertising Display**  
 Custom designed to suit any screen and application.

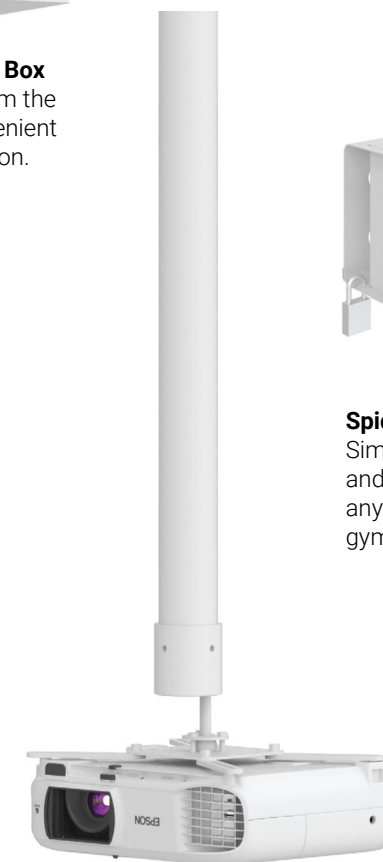

**Apollo Camera Lift**  
 Video Conferencing Camera Lift with up to 1.45m drop.

**Spider Lock 1200**  
 Similar to the Spider 1200, the Spider Lock includes a lockable plate for security.

**Weatherproof Projector Box**  
 Shield your projector from the elements with this convenient outdoor mounting solution.

**Spider 1200/3000**  
 A sturdy and safe ceiling mount for your projector, with optional 3m pole.

**Prolift Uni**  
 Ideal for lecture halls or rooms with high ceilings. Servicing is simple with drop down to 8m.

**Spider Vault**  
 Simple and secure locking system and built-in provisions to make any installation easier. Ideal for gymnasiums.

# Education & Training

**Education Stand (Lift or Fixed Height)**  
Available with fixed height or a motorized vertical lift. A laptop fits neatly under screen.

**Education Trolley (Lift or Fixed Height)**  
Easily move the screen around classrooms. Available with fixed height or motorized lift.

**Education Trolley Lift with Flip (Tilt Mode)**  
Tilt on an angle for more comfortable use when people need to collaborate. Can be used in table mode.

**Education Wall Lift**  
Raise and lower the wall mounted lift for optimal height. Supports screens from 60" to 90".

**Education Trolley with Shelf**  
Customised trolley with shelf and vertical lift for optimal viewing position.

**Education Trolley Lift with Flip (Standing)**  
For presentations to larger groups of people, raise the trolley lift into the upright position.

**Road Case with Motorized Lift and Tilt**  
Heavy duty and weatherproof portable road case with quick 30 second setup.

Packed and ready for transport.

# Innovative Design

## The Expanded Automated Spartan Range

The extensive Spartan range has expanded, offering discreet solutions to conceal your TV regardless of your circumstances. These automated designs are smooth, quiet, and customizable with features such as soundbars.

### Spartan

The original and most popular item in the range, the Spartan allows you to maintain those million-dollar views or achieve clean lines in your space. Pictured here it conceals neatly in the ceiling and is available for TVs from 32" to 100".

### Spartan Drop

With all the same features as the Spartan, this unit not only opens but also drops down, providing the perfect viewing angle in rooms with high ceilings. It is available for TVs from 32" to 100".

### Spartan 360

Ideal for situations where multiple viewing positions are needed, the Spartan 360 opens and swivels 360 degrees. Enjoy watching TV in your living room one day and in your outdoor area the next. It is available for TVs from 32" to 85".

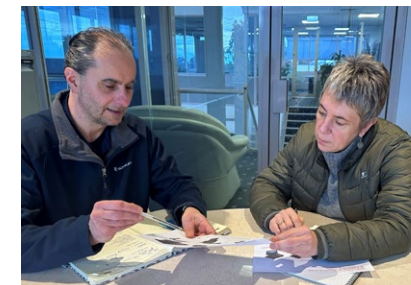

### Spartan Drop 360

Introducing the latest addition to the family: the Spartan Drop 360. Designed for rooms with higher ceilings and multiple viewing areas, this model features the same 360-degree swivel as the Spartan 360, ensuring optimal viewing from multiple positions. It supports TVs ranging from 32" to 85".

All items are fully customizable to suit individual requirements, adding a touch of luxury to any space. Call or email our sales team to explore what can be achieved.

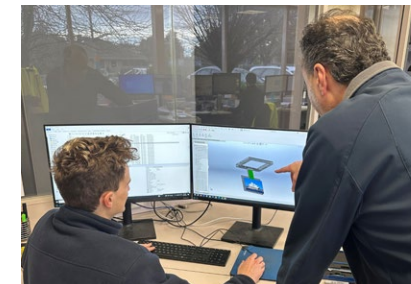

# Custom Designed Solutions

## 1. Enquiry and Consultation

Start by calling us to speak with a member of our sales team. We'll assess your application needs and recommend the best product for you. If you have custom requirements, we'll arrange a consultation with our design team.

## 2. Design and Order

We provide you with an itemised quote and timeline for your approval. If a custom solution is needed, we also develop a detailed concept design to accompany the quote. Our in-house team of engineers can bring almost any idea to life.

## 3. Manufacture, Assembly & Testing

Once approved, we start production! Our standard products are manufactured and assembled within 20 working days. Each product undergoes a rigorous Q&A process, including simulated stress tests, as well as electrical and assembly testing.

## 4. Payment, Delivery & Support

We will notify you once your order is complete and ready for despatch. Our team is also available by phone for after sales technical support. You can rest assured that your Ultralift product will exceed your expectations.
